

Greenwood Institute — Faculty Handbook 2026

This handbook contains the official policies for all teaching faculty at Greenwood Institute of Technology. It is updated annually by the Office of Academic Affairs. In case of any conflict between this document and a departmental circular, this handbook takes precedence.

1. Leave Policy

Every full-time faculty member is entitled to 12 days of Casual Leave (CL) per calendar year. Unused CL does not carry forward to the next year and is not encashable on resignation.

Faculty are also entitled to 15 days of Earned Leave (EL) per year. Up to 30 days of EL may be accumulated. EL must be applied for at least one week in advance and requires HOD approval.

Medical Leave (ML) of up to 10 days per year is provided. A medical certificate from a registered practitioner is required for any medical leave exceeding 3 consecutive days.

Maternity leave of 26 weeks is granted as per the Maternity Benefit Act. Paternity leave of 15 days is available to male faculty within 6 months of the child's birth.

Visiting and adjunct faculty are entitled to leave on a pro-rata basis depending on contract duration. All leave applications must be submitted through the HR portal at hr.greenwood.edu.

2. Attendance and Working Hours

Faculty are expected to be present on campus from 9:00 AM to 5:00 PM on all working days. A minimum of 32 contact hours per week is required, including teaching, tutorials, and consultation hours.

Biometric attendance is mandatory. Faculty must mark attendance both at entry and exit. Three late arrivals (after 9:15 AM) in a month will be counted as one day of leave.

Work-from-home is permitted for a maximum of 4 days per month, subject to HOD approval and only for non-teaching days.

3. Research and Publications

Every faculty member is expected to publish at least 2 papers per academic year in Scopus or SCI indexed journals. Publications in predatory journals will not be counted toward this requirement.

The institute provides an annual research grant of INR 50,000 per faculty for purchase of books, software, and conference travel. Unspent funds do not carry forward.

Faculty are encouraged to file at least one patent every three years. The institute bears 100% of patent filing costs for inventions made during the course of employment.

International conference travel is supported up to INR 1,50,000 per year, subject to paper acceptance in a recognized venue.

4. Examination and Evaluation Duties

Setting and moderation of question papers must be completed at least 10 days before the scheduled examination date. Question papers must follow the Outcome-Based Education framework with mapping to course outcomes and Bloom's taxonomy levels.

Answer scripts must be evaluated within 7 working days of the examination. Marks must be uploaded to the academic portal within 10 days of the last examination.

Re-evaluation requests from students must be processed within 15 working days. Faculty assigned re-evaluation duties receive an honorarium of INR 15 per script.

5. Student Mentoring

Every faculty member is assigned approximately 20 students as mentees. A minimum of one formal mentoring meeting per month is required, with notes uploaded to the mentor portal.

Faculty must flag any student whose attendance falls below 75% or whose internal assessment marks drop below 40%. These cases are reviewed by the Student Welfare Committee.

Parents must be informed of any sustained underperformance through an official email from the mentor, with the HOD in copy.

6. Code of Conduct

All faculty are expected to maintain the highest standards of academic integrity. Plagiarism in research, falsification of data, or misuse of institute funds will result in disciplinary action up to and including termination.

Faculty must not engage in private tutoring of students currently enrolled in their courses. Outside consulting is permitted up to 8 hours per week, with prior written approval from the Dean.

Any form of harassment will be dealt with strictly under the Internal Complaints Committee guidelines. Reports may be made confidentially to icc@greenwood.edu.

7. Promotion and Performance Review

Annual Performance Appraisal Reviews (APAR) are conducted every March. Reviews consider teaching effectiveness, research output, student mentoring, administrative contributions, and adherence to the code of conduct.

Promotion from Assistant Professor to Associate Professor requires a minimum of 4 years of service, a PhD, and at least 6 Scopus indexed publications. Promotion to Professor additionally requires PhD supervision of at least 2 scholars.

Outstanding performers are eligible for the Vice Chancellor's Excellence Award, which carries a cash prize of INR 1,00,000.

8. IT Resources and Data Privacy

Each faculty member is provided an institute laptop, refreshed every 4 years. Lost or damaged equipment will be charged to the individual unless covered by insurance.

Student data must not be shared with any third party or uploaded to public cloud services. All student grades, attendance, and personal information are confidential under institute policy and the DPDP Act 2023.

Faculty are encouraged to use the institute's AI assistant tools, but must not paste confidential student information into public language models such as ChatGPT.
